# Crate&Barrel

## Wedding&GiftRegistry

### **Congratulations on starting your new life together.**

Where's the best place to start your new life together? At Crate and Barrel, where you'll find the best of everything you'll need now...and forever.

Our registry experts have put together this handy, go-to list of everything you'll want to consider for your registry, including how much you'll need based on the way you like to entertain. Dinnerware is a smart place to begin. It helps narrow down drinkware and flatware styles as you'll be choosing them to work with your pattern. And cookware only seems intimidating—our registry experts can quickly match the way you cook with the right materials.

One important bit of advice is to make sure your registry doesn't run low, especially during showers and as your big date gets closer. Remember to update often, because one of the great things about Crate and Barrel is we're always getting in new and fun seasonal things you won't want to miss.

We hope you'll enjoy this special time creating your registry together. Plan your new home, envision your new life, and scan with our exclusive registry app to your heart's content.

Congratulations.

# Gift Registry Calculator

---

## How many items should I register for?

*We suggest registering for two gifts per guest—remember to include guests at engagement parties and showers, too. Our handy calculator will help you determine how many gifts you'll want to register for.*

### Example Registry:

	Number of Guests
Are you having an engagement party? (Y/N) <u>Yes</u>	<u>20</u>
How many showers do you plan to have? <u>2</u>	
How many guests at each shower?	Shower #1: <u>10</u>
	Shower #2: <u>20</u>
How many guests are you inviting to your wedding?	<u>75</u>
	<b>Total Number of Guests = <u>125</u></b>
2 gifts x <u>125</u> guests = <b>Total Number of Gifts*</b>	<u>250</u>

---

### My Registry:

	Number of Guests
Are you having an engagement party? (Y/N) _____	_____
How many showers do you plan to have? _____	
How many guests at each shower?	Shower #1: _____
	Shower #2: _____
How many guests are you inviting to your wedding?	_____
	<b>Total Number of Guests = _____</b>
2 gifts x _____ guests = <b>Total Number of Gifts*</b>	_____

\*Gifts can be individual products or sets of products. For example, 12 glasses = 12 gifts; 1 cookware set = 1 gift.

## This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

# Set the Table

---

## Dinnerware

*We recommend service for 12. Or figure how many holiday guests you'll host with both families...and add two more just to be safe. Open Stock allows you to choose individual pieces for the way you like to entertain. Patterns are also available in sets that offer a savings.*
